1. On 30 September, many convoys including about 60 rocket launchers of the 3rd Shock Army, 50x57 mm AT guns, 40x37 mm AT guns, numerous trucks, signal vehicles and tank trucks, all with paper-covered license numbers, passed through Perleberg enroute to Ludwigslust coming from a southeasterly direction.¹
2. On 30 September, the 57th ^MMechanized Regiment, of the 18th Mechanized Division, returned to the Artillerie Kaserne in Perleberg. The unloading of 35 T-34/85 tanks, elements of the divisional hospital and of billeting equipment was observed on 1 and 2 October. Allegedly, units from the Fliegerhorst Kaserne in Perleberg also returned between 30 September and 2 October. It was learned that maneuvers had been held in the Gardelegen - Jasvenitz - Uchtspringe area during September.
3. A unit which had been temporarily stationed at the Wittstock troop training grounds left by rail toward the West between 1 and 4 October. On 1 and 2 October, seven troop trains were observed being loaded at the Wittstock railroad station. Fifty-three tanks were counted. On 5 October, the Wittstock railroad station was again released for civilian loading operations.
4. At the beginning of October, preparations for the loading of the windows of the temporary buildings of the Werder-Markendorf Camp were under way. Billeting equipment was shipped away at night. Many boxes were being unloaded at the Forst Zinna railroad station on 4 October.
